

Variables:

- GPA: numerical input of student's GPA ranging from 0.0 to 4.0
- gender: male or female (2 categorical variables)
 - 1: male
 - 2: female
- grade_level: grade of the student (4 categorical variables)
 - 1: freshman
 - 2: sophomore
 - 3: junior
 - 4: senior
- income: family income (6 categorical variables)
 - 1: less than \$15,000
 - 2: \$15,001 to \$30,000
 - 3: \$30,001 to \$50,000
 - 4: \$50,001 to \$70,000
 - 5: \$70,001 to \$100,000
 - 6: greater than \$100,001
- employment: employment status of the student (4 categorical variables)
 - 1: full time
 - 2: part time
 - 3: no
 - 4: other
- father_education: education of father (5 categorical variables)
 - 1: less than high school
 - 2: high school degree
 - 3: some college degree
 - 4: college degree
 - 5: graduate degree
- mother_education: education of mother (5 categorical variables)
 - 1: less than high school
 - 2: high school degree
 - 3: some college degree
 - 4: college degree
 - 5: graduate degree
- parents_cook: frequency of parents cooking in a week (5 categorical variables)
 - 1: almost everyday
 - 2: 2-3 times a week
 - 3: 1-2 times a week
 - 4: holidays only

- 5: never
- cook: frequency that the student cooks (5 categorical variables)
 - 1: everyday
 - 2: couple times per week
 - 3: whenever possible but not often
 - 4: help during holidays
 - 5: never
- eating_out: frequency that the student eats out in a typical week (5 categorical variables)
 - 1: never
 - 2: 1-2 times
 - 3: 2-3 times
 - 4: 3-5 times
 - 5 : everyday
- - pay_meal_out: the amount the student would pay for a meal out (6 categorical variables)
 - 1: less than \$5.00
 - 2: \$5.01 to \$10.00
 - 3: \$10.01 to \$20.00
 - 4: \$20.01 to \$30.00
 - 5: \$30.01 to \$40.00
 - 6: more than \$40.01
- nutritional_check: the frequency that the student checks nutritional values (5 categorical variables)
 - 1: never
 - 2: on certain products only
 - 3: very rarely
 - 4: on most products
 - 5: on everything
- on_off_campus: living situation of the student (4 categorical variables)
 - 1: on campus
 - 2: rent
 - 3: live with my parents and commute
 - 4: own my own house
- - exercise: frequency that the student exercises in a typical week (5 categorical variables)
 - 1: everyday
 - 2: two or three times per week
 - 3: once a week
 - 4: sometimes
 - 5: never

- calories_chicken: guessing calories in a chicken piadina (4 categorical variables)
 - 1: 265
 - 2: 430
 - 3: 610
 - 4: 720
- turkey_calories: guessing calories in a Panera Bread Roasted Turkey and Avocado BLT (4 categorical variables)
 - 1: 345
 - 2: 500
 - 3: 690
 - 4: 850
- drink: which picture does the student associate with the word drink (2 categorical variables)
 - 1: orange juice
 - 2: soda

- breakfast: which picture does the student associate with the word breakfast (2 categorical variables)
 - 1: cereal
 - 2: donut
